

Hello...congratulations on the purchase of your wood duck box. I sincerely hope you enjoy! If you have friends or family that would like to purchase...please have them contact me directly at 337-540-6162 or [www.cruzeswingsandthings.com](http://www.cruzeswingsandthings.com)

I apologize about the minor assembly outlined below. Unfortunately to leave it assembled would require an additional \$10 in shipping due to the larger box required.

1. Place roof onto wood duck box (holes will line up and it will be obvious which way it goes. Place four screws into roof and tighten w/ T20 bit.

Please give me a call or email if you run into ANY problems!
